SHARED SPACE

While the construction of a small house located on the land, intended exclusively for local accommodation, is not finished, the owner has decided to rent 2 rooms in a shared environment on **Airbnb**: the [Ceramist Bedroom](#) and the [Ceramist Bedroom II](#).

They are located in a property that has an external space of approximately 2,000 m².

The rooms have air conditioning and are decorated with works by the owner, who lives in this house with 3 cats and 2 dogs.

The property has a large garage (70 m²) and the use of the bathroom and kitchen is shared. Guests have enjoyed a small room for exclusive use, which has a small fireplace.

Guests can access the main room to watch TV or read books (there are hundreds). You can also use an outdoor barbecue.

Breakfast is not included. However, breakfast or meals may be served by subsequent arrangement.

AIR CONDITIONING

The house has two split-type air conditioning units. However, each bedroom is equipped with a portable air conditioner with heating and cooling functions. These units have a silent mode, ideal for nighttime use without disturbing sleep.

Alternatives to air conditioning: In winter, an oil heater may be available. In summer, fans are available, or you can simply open the windows, as it tends to get cooler at night, with few exceptions.

PETS

No pets are allowed so as not to scare away the cats that live in this house. They are free but have free access to the inside of the house, where they spend the night. **Anyone who is allergic to animal fur cannot stay in these rooms.**

LOCATION

HOUSEHOLD

When you arrive in *Retaxo*, ask for 'café da Belinha' (*Taberna*): the house is behind, on **Rua da Ferrenha, nº10, 6000-621 Retaxo.**

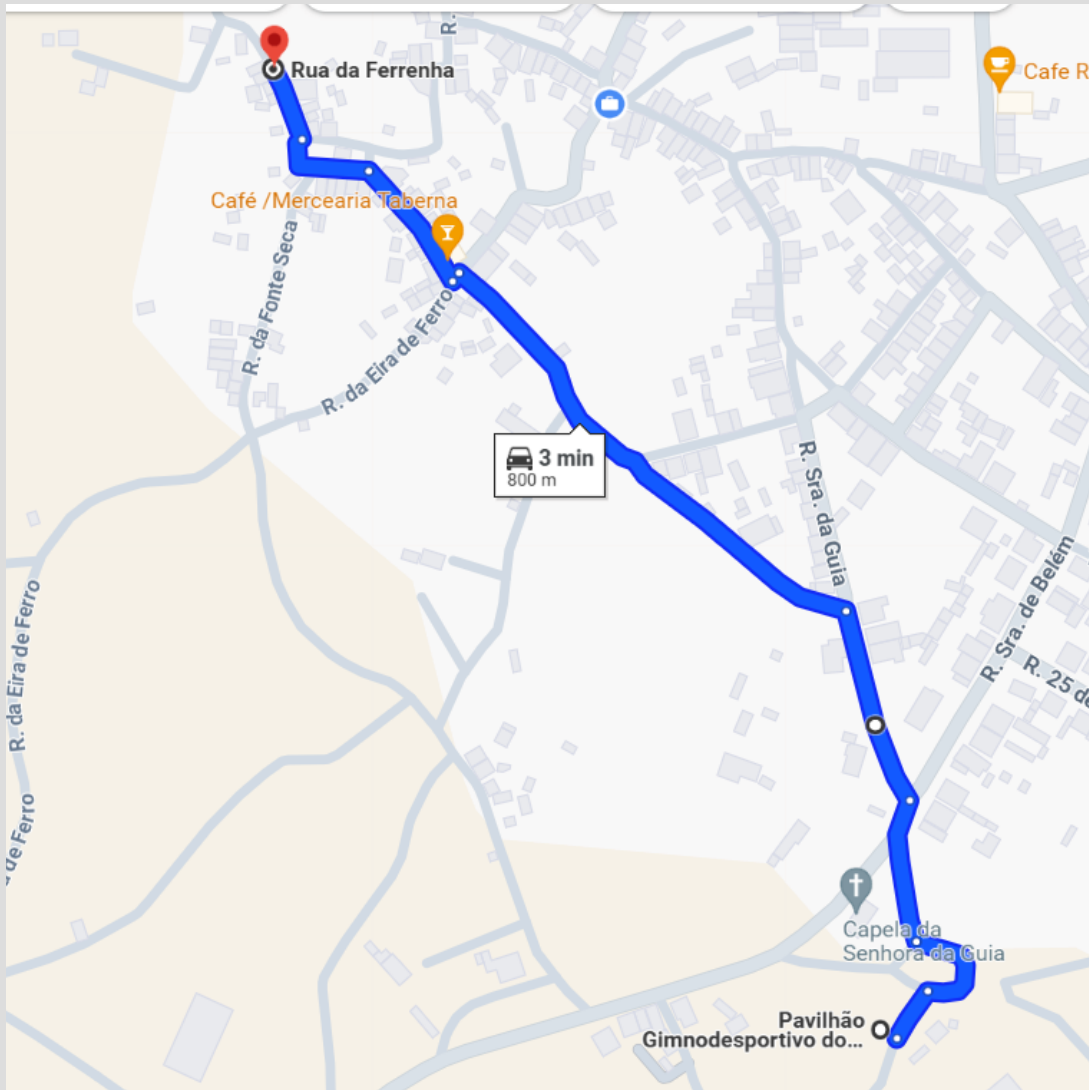

Pay close attention, as some GPS navigation apps suggest an incorrect route just before reaching the destination: a very narrow access that isn't even a road, but rather a path. You should head to **Rua da Ferrenha**, coming from **Rua do Monte Grande**. Along the way, you will pass a café/grocery store called "Taberna".

PARKING » CARS

To make it easier to enter the garage, the easiest way is to go to the end of the street and turn around .

Alternatively, near the *Retaxo* ‘Sports Hall’, next to the Chapel of ‘*Nossa Senhora da Guia*’, there is a large space to park your motorhome and just 800 meters from **Rua da Ferrenha**.

VEHICLE ACCESS » from Castelo Branco

Go towards the '*Industrial Area*', but without entering it.

Follow in the direction of *Vila Velha de Rodão / Sarnadas*.

You will pass through the junction to *Maxiais*, but continue straight ahead in the direction of *Cebolais de Cima*, which is the locality adjacent to *Retaxo* and that is geographically the same location.

VEHICLE ACCESS» A23 Highway

Exit in *Cebolais/Retaxo/Sarnadas* or else in *Benquerenças*.

PUBLIC TRANSPORTATION

Buses » Castelo Branco to Lisbon and other destinations.

Flixbus with trips at prices around 7/12 euros from Castelo Branco to Lisbon (direct)

Trains » Castelo Branco to Lisbon (train line *Beira Baixa*):

INTERCIDADES : stopping at the *Castelo Branco* station

REGIONAL : stopping at the *Retaxo* station

In reality, the station (*Retaxo*) is in the village *Represa*, 2 km away.

The journey between *Abrantes* and *Vila Velha de Rodão* is spectacular, because the train line runs parallel to the Tejo river.

Possibility of transport to and from Castelo Branco (20 euros).

SHOPPING

There are 2 grocery stores in *Retaxo/Cebolais de Cima*: at Pastelaria Dayana and at Café Taberna (a few meters from the house).

In *Cebolais de Cima*, there is ORK, where you can buy high-quality meats and sausages, a gas station (PRIO), pharmacy, post office, ATM and health center.

However, a 10-minute drive away, we have the industrial area where there are many commercial establishments and a wide variety of large stores such as *Auchan*, *Pingo Doce*, *Lidl*, *Intermarché & Bricomarche*, *Maxmat*, *Leroy Merlin*, *Decathlon*, *Agriloja*, *Roady*, etc.

RESTAURANTS

Unfortunately, there is no home delivery service like *Glovo* or *Uber Eats* available.

The offer of restaurants in the area is limited.

We have the restaurant 'O Ramalhete' in Represa (2 km away) and the **Take Away 'O Tacho' 963 475 373.**

However, in Castelo Branco, there are excellent options, such as:

CAPELO'S : to eat grilled meats is a reference in Castelo Branco for its quality, atmosphere and service.

ADEGA 23 : It has a fabulous 'chanfana' and the service is competent and friendly.

TASCA 'O RAPOSO' : simple restaurant, with a large outdoor area (very pleasant in the summer), which focuses almost exclusively on grilling fish and meat on charcoal and which they do very competently.

PINGUIM : restaurant for those visiting the historic area of the city. It has a quality well above average.

DONA FERREIRINHA : For those looking for a more refined restaurant, this one certainly won't disappoint. Alternatively, the 'Palitão'.

A solution for those who want a quick and cheap meal I suggest : 'Bifanas da Sé' e o 'João dos Frangos'.
